## CARPET & UPHOLSTERY

**Our carpet and upholstery cleaning can range depending on the fabric/ fibre / size/ age/ quality of the item or area to be cleaned. We use a variety of different products and equipment which are specifically chosen to give you the best results.**

The best way to get an accurate price for your items/ areas to be cleaned, is to get in contact with us so we can provide you with a free, no obligation quotation for the works to be carried out. We also provide our very own cleaning product too which is perfect for small spot stains in between professional cleans.

## RUG STUDIO SPECIALIST DEEP CLEANING

**We are one of the only companies in the South West with a specialist rug cleaning studio facility.**

Located in Clevedon, our studio allows us to professionally deep clean your rug by completing 11 different stages of cleaning to provide the best cleaning results for you. From precious handmade rugs, to that rug you love at home that could just use a deep clean, this process is an excellent way to revive your rugs. For more information on how this works and an accurate quote for your rug(s), please contact us.

## OVEN CLEANING

Our oven cleaning services include a full strip down of the oven including all removable parts and racks, and dismantling the oven including the oven door so all sides of the glass panels are cleaned thoroughly. We are full members of the Building Engineering Services Association (BESA) meaning our work and training is certified by the industry leading association.

As part of the job, we always complete a safety check to ensure your oven is safe and performing correctly. We also provide our own eco-friendly cleaning product so you can safely keep your oven clean during our professional cleans.

Our curtain cleaning services mean we can provide professional curtain cleaning in the comfort of your own home. Our industry leading machine cleans your curtains in situ so there is no risk of shrinkage or damage by having to unhang/ rehang them. Our solution makes the cleaning process suitable for almost all fabrics from silks to satins!
